

Internal Medicine Promotion Criteria Policy
Addendum to the MHG Promotion, Non-renewal, and
Dismissal Policy 500.05
Effective July 2023

Promotion to each subsequent year of training requires demonstrating competence that meets expectations on the specific learning objectives of the evaluations across all clinical rotations during that year of training. Failing to meet this standard will be reviewed by the CCC which may elect to withhold promotions and remediate, or promote with an accompanying remediation plan. See GME 500.05 Promotion, Non-Renewal, and Dismissal Policy for details.

In addition, there are a variety of individual educational requirements that must be successfully completed as listed below.

PGY1 Promotion to PGY2

- Must take and pass USMLE step 3 or Complex level 3
- “Back to Basics” presentations
- EBM conferences
- Journal Clubs
- Scholarly project

PGY2 Promotion to PGY3

- EBM conferences
- Journal Clubs
- PSQI Conference
- Clinical Pathology Conference
- Scholarly project

PGY3 Graduation

- QIP project
- Grand Rounds
- Scholarly project
